## Wasatch Front Waste and Recycling District 2023 Budget Presentation

Our Mission: Provide sustainable quality integrated waste and recycling collection services for the health and safety of our community...because not everything fits in the can.

Our Vision: A sustainable, integrated organization that provides for the welfare of our community.

## 2023 Budget Priorities

1. Sustain the various services that residents need and the services we are required to provide for waste and recycling collections.

- Weekly curbside garbage and recycling collections.
- Seasonal Services: Central leaf bag collections and curbside Christmas tree collections.
- Central glass collections.
- Discounted trailer rentals for bulk and green waste.
- SCRP (Seasonal Container Reservation Program)
- Can Repair and Replacement
- Landfill vouchers for a residential truck, car or trailer loads.

2. Manage the increased costs associated with the rapidly rising salary markets, fuel prices, maintenance shop rates and increased processing fees for waste and recycling. Implement increases to the base fee and other increases effective January 1, 2023:

- $\$ 2.50$ per home per month fee increase is proposed (from $\$ 17.00$ to $\$ 19.50 /$ per month $/ \$ 58.50$ per qtr./ $\$ 234.00$ Annual). The last fee increase was implemented five years ago as part of the 2018 budget - $\$ 2.25$ per month.
- Town of Brighton/Big Cottonwood for central collections: $\$ 1.25$. (from $\$ 14.75$ to $\$ 16.00$ and seasonal residents $\$ 8.50$ to \$9.75). No increase was imposed for the Town of Brighton/Big Cottonwood Canyon in 2018.
- Other fee increases for can purchases, front load (dumpster) services, subscription glass and new fees for second can rentals.

3. Continuous improvements on efficiencies using technologies on equipment.
4. Continued use of alternate fuels to keep costs low. Compressed Natural Gas (CNG) versus diesel saves $\$ 2.00$ per gallon on 2023 for the 500,000 gallons of fuel needed to provide services, which saves \$1,000,000.00 in 2023.
5. Find ways to expand the Seasonal Container Reservation Program (SCRP) at the lowest cost possible, while managing the challenges to recruit and retain CDL drivers, and the limited number of months that trucks are available to lease.
